

FAITH, SCIENCE, AND BEAUTY IN THE STARS

SEPTEMBER 30TH - OCTOBER 2ND, 2022

SILENT RETREAT FOR MEN AND WOMEN

From the opening of Genesis to the encyclical Laudatory Si', our belief in a Creator has meant that we believe God "reveals Himself in the things He has made" (to quote St. Paul). By looking at beauty in both nature and in the science that lets us understand nature, what is God revealing to us?

Suggested offering: \$ 270.00
per person.

Includes two nights accommodation,
meals, retreat program and spiritual
direction.

BROTHER GUY CONSOLMAGNO, SJ

Known as "The Pope's Astronomer", is the Director of the Vatican Observatory and President of the Vatican Observatory Foundation. He has earned undergraduate and masters' degrees from MIT, and a Ph.D. in Planetary Science from the University of Arizona. He entered the Society of Jesus in 1989 and has worked at the Vatican Observatory since 1993; his research explores connections between meteorites, asteroids, and the evolution of small solar system bodies. Along with more than 200 scientific publications, he is the author of popular books including "Turn Left at Orion" (with Dan Davis), and "Would You Baptize an Extraterrestrial?" (with Paul Mueller, SJ). Pope Francis named Brother Consolmagno the Director of the Vatican Observatory in September 2015.
