

CATHOLIC COSMOLOGIES

JUNE 4 - 6, 2027

SILENT RETREAT FOR MEN AND WOMEN

From angels and demons to photons and quarks, we've always been curious about how the universe works... and our place in it. But every cosmology is based on assuming things that we may not even realize we are assuming: things we take on faith. In this retreat, we'll examine the way that our own assumptions about ourselves and our universe can limit, or strengthen, how we relate to our Creator.

Suggested offering: \$290.00 pp.

Includes two night's accommodation, meals, retreat program and spiritual direction.

BROTHER GUY CONSOLMAGNO, SJ

Brother Guy Consolmagno SJ is Director Emeritus (2015-2025) of the Vatican Observatory, and President of the Vatican Observatory Foundation. A native of Detroit, Michigan, he earned undergraduate and masters' degrees from MIT, and a Ph. D. in Planetary Science from the University of Arizona; he was a postdoctoral research fellow at Harvard and MIT, served in the US Peace Corps (Kenya), and taught university physics before entering the Jesuits in 1989.

At the Vatican Observatory since 1993, his research has explored connections between meteorites, asteroids, and the evolution of small solar system bodies. Along with more than 300 scientific publications, he is the author of a number of popular books including *Turn Left at Orion* (with Dan Davis), *Would You Baptize an Extraterrestrial?* (with Paul Mueller), and *A Jesuit's Guide to the Stars*.
